

Academic Information Center
The Jikei University School of Medicine

October 1, 2021

To graduate students:

Opening of the Medical Writing Office

The Medical Writing Office starts in the Academic Information Center as a point of contact for graduate students to consult about writing in English. The Medical Writing Office is established by reorganizing the former Medical English Laboratory, with the aim of strengthening academic writing support in the university.

We accept inquiries concerning writing in English. Professor Masao Okazaki will respond in English.

■ Target Users:

Graduate students
